The importance of being *Generous*.

It's easy to call yourself Generous, but it's much more difficult – and exciting - to live up to it. Generous is the name of our product, the philosophy of our company, our sustainability driver, and our human resources mission. We try to bake the best gluten-free treats in the finest Belgian tradition using the best organic ingredients.

We work closely with several sheltered workplaces which contribute to the insertion of disabled people by offering them a useful employment in an adequate environment.
